 Mixed B's and C's
 Mainly C's

4. Have you taken (and passed) ___ SOC 1030
 ___ SOC 1090

5. What other courses in entrepreneurship or social change have you taken?

6. If you are accepted into this course, what other courses would you be taking at the same time?

7. Do you plan to shoulder other major time commitments this fall (work, sports, extracurricular responsibilities)?

8. This course will require a time commitment which is greater than most social science courses as Brown (on average 2-4 additional hours per week beyond normal classroom meetings, readings and assignments). Would you be able to make such a time commitment ?

9. This course will have two parts, involving a continuation of the same projects from the fall into the spring semester. We are interested in students who can provide continuity by signing up for both semesters. This is not a requirement of all students, and the decision need not be made at this time as to whether to continue next semester. We would like to get a preliminary sense of who might be interested in taking both semesters of this course. Seniors taking the Social Entrepreneurship Capstone to fulfill the Senior Year Integrative Experience in the Organizational Studies track of COE should plan on taking both semesters of this capstone. Please give us your current inclination on this question:

10. Would you prefer to work in a team with a significant number of students from outside your concentration area? _____

11. Might you be willing to be a team leader? _____

12. Of the possible projects (to be described on the first day of class), would you have a preference for working with any one? If so, which one?

Note: It is not necessary to answer this if you are applying before the time of the first class meeting. Projects will only be finalized during the first week of class.

13. Do you have any previous business or entrepreneurial experience; or experience working with community agencies or with diverse communities? _____ If so, *briefly* describe it.

14. In about 100 words, describe why you are most interested in taking this course.

15. Again, in about 100 words, provide any other particular aspects of your background which you believe would contribute to setting up a strong team.

16. Please provide us some information as to how we can reach you:
